6: AT THE END OF TIME

MARK SMITH & JAMIE THOMSON

TRAPDOOR THROUGH TIME!

After you bustled your brain a workout of undetachable focus — a little fluster by the fabric of time that wraps everything that has ever been as much as it is plummeting down into the cosmic scumheap that marks the very end of time. Impossible maneuvers from ten million years ago — or there — further past, as you struggle to escape your downward plunge into oblivion. The slightest flicker of judgement on your part, or a momentary hesitation, and a little by — loon — and you'll never again be able to find your way back through that terrifying trapdoor in time!
